

What One Desired Change Do You Believe Would Make Our Community Healthier?

- Easy to access out of school programs
- One stop shop for vulnerable and homeless population. All services under one umbrella
- A resource centre in Edmonton Southwest
- In every neighborhood there are gathering spaces and quality programs available for children and youth that are ongoing, sustainable, engaging and directed by the input of participants
- Development of meeting places where all members of community have equal access and feel welcome.
- One stop shop for families (in regards to referrals for programs/resources)
- Single point of access to service
- CFSA's return to a Community Development model
- Better collaboration with community agencies
- Better collaboration among different levels of governments, municipalities, provincial, federal
- Partnership in the true sense
- Communication that is understood by most!
- All communities to work together as collaboratively as possible.
- Avoid duplication of programs – better use of limited resources
- No one lonely
- Everyone sees themselves as part of the 'human' family – less individualistic
- Broad vision for children, youth and families that enables us to work in a more intentional, coordinated way. "Us" includes all sectors of the community.
- All kids are our kids.
- Equality
- Working from strengths
- A vision of what Edmonton and area can be in terms of a supportive, caring community.
- A slower more caring world
- Increased community connectedness – all generations
- Community Engagement (newcomers, youth and seniors)
- A world where everyone feels hopeful, excited and energized.
- Increased connectedness
- More funding for programming that helps communities
- Improved democratic government in community organizations
- To be available to family needs in real time in authentic service!
- Less complex bureaucracy – say "yes"
- More housing for low income families
- Reduced violence
- Eradicate poverty
- Respect for child care
- More focus on early intervention
- No more homeless people
- Equal access
- Increased support for newcomers to the community
- Newcomers to Canada will feel welcomed and supported in our schools and other institutions
- A culture where parenting education is sought after and valued
- Increased adult literacy funding
- Policies and decisions and actions guided by the best outcomes SEVEN generations from now, that we want to see.

May 16, 2011 – Joint Community Mapping & Planning Meeting – Chateau Louis
